
NATIONAL COLLEGE MATCH RECOMMENDER INFORMATION SHEET

FOR THE RECOMMENDER

What is this information sheet? This is an optional resource for students who wish to provide information to their recommenders. Once your student registers you as a recommender, you will receive an email from QuestBridge with a unique link to your National College Match recommendation form. Your recommendation must be completed online and submitted to QuestBridge by the application deadline.

Who should apply to the National College Match? QuestBridge looks for high school seniors who have excelled academically despite financial challenges. When reviewing applications to select Finalists, we consider the questions:

Does this student have the potential to thrive at one of our college partners?

Is this student from a low-income background with little to no assets?

Thank you for taking the time to write a great recommendation! For more information, visit questbridge.org/educators.

APPLICANT INFORMATION *(to be filled out by the student)*

Student Name:

QuestBridge ID Number:

Why do you think the National College Match is the right program for you?

If friends and family were asked to describe you in 3-5 adjectives, what would they say?

How have you contributed to the learning environment in your recommender's classroom?

Which extracurricular activity has most influenced you? How long and in what ways have you been involved?

Is there additional information your recommender should know about, such as school experiences, personal difficulties, family responsibilities, or other factors in your life?

List standardized tests that you have taken (if applicable). You may also list future tests you have registered for.
