

QUEST BRIDGE

Dear [HIGH SCHOOL CONTACT],

My name is [NAME] and I would like to share more information about QuestBridge, a non-profit organization that helps high-achieving, low-income students apply for full scholarships to top colleges, including Yale, Stanford, Rice, Amherst, Columbia, and MIT. You can view a full list of their partner colleges here: www.questbridge.org/partner-colleges/overview-listing.

I was a successful QuestBridge Finalist in [YEAR] and a member of the [CAMPUS] graduating class of [YEAR]. Now, I am eager to help high school students benefit from the same opportunities that I had! My goals are to spread awareness about this program and to share some of my firsthand experiences and learnings.

For context, QuestBridge offers two programs for high school students:

- **For juniors:** The [College Prep Scholars Program](#) helps prepare students for the college admissions process. The application is open from February through late March each year.
- **For seniors:** The [National College Match](#) helps students gain admission to some of the nation's best colleges with full four-year scholarships. The application is open from early summer through late September each year.

I would like to give a 30-minute virtual presentation with information about these QuestBridge opportunities at your high school. I already have a PowerPoint and would ideally like to present to juniors [SUGGESTED FROM OCTOBER THROUGH JUNE] and/or seniors [SUGGESTED FROM JUNE THROUGH SEPTEMBER]. All you would need to do is provide a time and preferred video conference platform.

I am available [TIMES & DATES]. Should none of these times work for you, please provide alternatives. I'd be happy to work together to find a time that is best.

Thank you for your time and consideration.

Best wishes,

[NAME]

[COLLEGE NAME], [YEAR OF GRADUATION]
